

ARTICULATION AGREEMENT
Between
PRESENTATION COLLEGE
And
UNITED TRIBES TECHNICAL COLLEGE

I. General Overview

Presentation College (PC) in Aberdeen, South Dakota and United Tribes Technical College (UTTC) in Bismarck, North Dakota, enter into this articulation agreement on January 1, 2018 for the purpose of offering the following programs to UTTC graduates:

1. UTTC Associate of Applied Science in Practical Nursing to PC Bachelor of Science in Nursing - LPN-BSN Completion
2. UTTC Medical Billing and Coding Certificate to PC Bachelor of Science in Health Science
3. UTTC Medical Billing and Coding Certificate to PC Associate of Science in Healthcare Administration
4. UTTC Medical Billing and Coding Certificate to PC Bachelor of Science in Healthcare Administration

The above degree completion programs are in areas that PC currently offers and each degree area has clearly stated major and general education outcomes. PC's assessment of student learning outcomes is a standard practice in the above degree completion programs.

II. Services Performed by each Party
PRESENTATION COLLEGE

- A. PC agrees to offer major and general education courses necessary for the above mentioned programs to qualified UTTC graduates.
- B. PC agrees to articulate UTTC credits of UTTC students toward the degrees listed above. Appendix A outlines the degree completion course requirements for the eligible students seeking these programs.
- D. PC agrees to conduct assessment, in keeping with PC's assessment program, of the graduates participating in this articulation agreement and share the data with appropriate UTTC officials upon request.
- E. PC agrees to provide student services in keeping with its policies and practices necessary to support the courses and programs delivered.

UNITED TRIBES TECHNICAL COLLEGE

- A. UTTC agrees to promote programs to eligible students.
- B. UTTC agrees to provide PC with directory information of eligible UTTC students.
- C. UTTC agrees to offer classroom and/or lab space if requested.
- D. UTTC agrees to affiliate with PC Library to offer services to PC students.

III. Period of Agreement and Renewal

The articulation agreement will begin on January 1, 2018 with courses beginning Spring, 2018 (contingent upon receipt of necessary approvals and adequate enrollment) and will be automatically renewed yearly unless a six month or mutually negotiated notice of termination from either party is received. An evaluation will be conducted yearly at the time that assessment data is shared.

IV. Conditions of Review

The Chief Academic Officers and relevant program directors of each institution will review the agreement each year at the time that assessment data is shared.

V. Termination Provisions

Either party may opt to terminate the articulation agreement with a six month or mutually negotiated notice. Regardless, UTTC students currently accepted to a PC program have the right to complete their intended program.

VI. PC's Grievance Procedure will Apply for Grievance Situations for Students Enrolled with PC.

VII. Financial Arrangements

The articulation agreement applies to UTTC students who have completed their programs of study at UTTC. Once students articulate and are accepted to PC and to the selected the applicable program, PC's tuition and fee structure will apply. Some students may be eligible for financial aid and any aid would be processed through PC. Each organization will be responsible for mechanisms to account for sound budgets and federal financial aid approvals, policies, and practices.

VIII. Faculty

PC's and UTTC's faculty and program directors have the responsibility to review and approve the course content of their programs. Jointly, PC and UTTC will ensure that faculty teaching courses have the necessary credentials to meet accreditation requirements.

IX. Oversight

The articulation agreement ensures that each organization has a systematic process to assure its capacity to carry out its responsibility for oversight of advertising, recruitment, admissions, appointment of faculty, content, and rigor of their component of the programs, evaluation of student work, and award of credits and degrees.
